SLF Congress 2025 Program

Day 1: September 24th

		nary session (Room Valimo)					
	Mo	derator: Esa Juuti (SLF)					
09:00-09:10	PO	Welcome					
09:10-09:40	P1	Global Market Trends, Paint Ma Outlook Paula Salastie Teknos Group Oy					
09:40-10:10	P2	How will the Europe's new plan for sustainable prosperity and competitiveness impact the paints and printing inks sector. <i>Christel Davidson</i> CEPE					
10:10-10:40	Cof	Coffee Break & Exhibition					
	Sus	<u>t session A</u> t ainability derator: Olav Marstokk (N)		Indu	<u>t session B</u> u stry new technologies derator: Merja Koivisto (F)		
10:40-11:10	A1	Sustainability in Action: Venator's TMP-Free TiO2 Pigments and Beyond <i>Esko Pajunen</i> Venator		B1	Future directions through strategic foresight – what's there for paint industry Juuli Huuhanmäki VTT		
11:10-11:40	A2	Sustainability Metrics applied in Industrial Coatings formulations Dr. Markku Oila Sherwin-Williams		B2	Explaining the growth and properties of amorphous carbon films with atomistic machine learning Dr. Miguel Caro Aalto University		
11:40-12:10	A3	Sustainable thickener solutions for aqueous decorative paint and coating formulations Udo Schonhoff Elementis		В3	From Perception to Pixels: Advanced Colorimetry in the Digital Age Dr. Maximilian Mussotter Sun Chemical		
12:10-13.30	Lunch Break & Exhibition						

Architectural Coatings Moderator: Allan Juul (D)Functional Coatings Moderator: Markku Oila (F)13:30-14:00Building efficiency through reflective coatings: Act on climate change & reduce energy consumption of buildings Héloïse Habrant ArkemaAqAspanger MICA - the only sustainable alternative of a pure, recycled Muscovite MICA, 100% produced in Austria, with much lower carbon footprint in the close future Engelbert Pürrer Aspanger14:00-14:30AsResponsible Material Protection Concept with Lanxess. Control, detect and prevent Monika Lamoratta LanxessBa14:30-15:00AfFormulating Coatings for Improved Energy Efficiency of Buildings Jorma Viitanen CH-PolymersUsing composite TiO2 pigments to reduce the use of coloured pigmer hence reducing cost and carbon footprint Jörgen Lindholm FP-Pigments15:00-15:30Coffee Break & ExhibitionSplit session A Regulatory and Safety Moderator: Saila Seppo (F)Split session B Measuring & Analytics Moderator: Kari Keinänen (F)15:30-16:00ArAGXX* - a long-lasting, regulatory compliant in-can and film preservation solution Oliver Asmus HeraeusSplit session B Measuring & Analytics Moderator: Kari Keinänen (F)15:30-16:00ArRegulatory Radar – Turning Challenges into Opportunities Kevin KoskampPaint color processing from Novel color Measurement technology to Effect color Formulation, through		Split session A			Split session B		
Moderator: Allan Juul (D)Moderator: Markku Oila (F)13:30-14:00AuBuilding efficiency through reflective coatings: Act on climate change & reduce energy consumption of buildings Héloïse Habrant ArkemaAspanger MICA – the only sustainable alternative of a pure, recycled Muscovite MICA, 100% produced in Austria, with much lower carbon footprint in the close future Engelbert Pürrer Aspanger14:00-14:30A5Responsible Material Protection Concept with Lanxess. Control, detect and prevent Monika Lamoratta LanxessB5Cooling energy savings from high reflective coatings using microspheres / lightweight fillers David GonzalezAmago Omya14:30-15:00A6Formulating Coatings for Improved Energy Efficiency of Buildings Jorma Viitanen CH-PolymersUsing composite TiO2 pigments to reduce the use of coloured pigmer hence reducing cost and carbon footprint Jörgen Lindholm FP-Pigments15:00-15:30Coffee Break & ExhibitionSplit session A Regulatory and Safety regulatory compliant in-can and film preservation solution Oliver Asmus HeraeusSplit session B Measuring & Analytics Moderator: Kari Keinänen (F)15:30-16:00A7AGXX* - a long-lasting, regulatory compliant in-can and film preservation solution Oliver Asmus HeraeusSplit corp processing from Novel color Measurement technology to Dr. Julen Ceccon Clariant15:30-16:00A7Regulatory Radar – Turning Challenges into Opportunities Kevin KoskampPaint color processing from Novel color Measurement technology to Effect color Formulation, through							
13:30-14:00A4Building efficiency through reflective coatings: Act on climate change & reduce energy consumption of buildings Héloïse Habrant ArkemaAspanger MICA – the only sustainable alternative of a pure, recycled Muscovite MICA, 100% produced in Austria, with much lower carbon footprint in the close future Engelbert Pürrer Aspanger14:00-14:30A5Responsible Material Protection Concept with Lanxess. 14:00-14:30AsResponsible Material Protection Concept with Lanxess. Control, detect and prevent Monika Lamoratta LanxessCooling energy savings from high reflective coatings using microspheres / lightweight fillers David GonzalezAmago Omya14:30-15:00AsFormulating Coatings for Improved Energy Efficiency of Buildings Jorma Viitanen CH-PolymersUsing composite TiO2 pigments to reduce the use of coloured pigmer hence reducing cost and carbon footprint Jörgen Lindholm FP-Pigments15:00-15:30Coffee Break & ExhibitionSplit session A Regulatory and Safety moderator: Saila Seppo (F)Split session B Measuring & Analytics Moderator: Kari Keinänen (F)15:30-16:00ArAGXX® – a long-lasting, regulatory compliant in-can and film preservation solution Oliver Asmus HeraeusBrRevolutionizing Coatings Development: Clariant's Digital Formulation Factory Dr. Julien Ceccon Clariant15:30-16:00Regulatory Radar – Turning Challenges into Opportunities Kevin KoskampPaint color processing from Novel color Measurement technology to Effect color Formulation, through	13:30-14:00		Building efficiency through reflective coatings: Act on climate change & reduce energy consumption of buildings Héloïse Habrant			Aspanger MICA – the only sustainable alternative of a pure, recycled Muscovite MICA, 100% produced in Austria, with much lower carbon footprint in the close future Engelbert Pürrer	
14:30-15:00A6Improved Energy Efficiency of Buildings Jorma Viitanen CH-PolymersB6reduce the use of coloured pigmer hence reducing cost and carbon footprint Jörgen Lindholm FP-Pigments15:00-15:30Coffee Break & ExhibitionSplit session A Regulatory and Safety Moderator: Saila Seppo (F)Split session B Measuring & Analytics Moderator: Kari Keinänen (F)15:30-16:00A7AGXX® - a long-lasting, regulatory compliant in-can and film preservation solution Oliver Asmus HeraeusB7Split session B Measuring & Analytics Moderator: Clariant's Digital Formulation Factory Dr. Julien Ceccon Clariant15:30-16:00A7Regulatory Radar – Turning Challenges into Opportunities Kevin KoskampPaint color processing from Novel color Measurement technology to Effect color Formulation, through	14:00-14:30	A5	Protection Concept with Lanxess. Control, detect and prevent <i>Monika Lamoratta</i>		В5	Cooling energy savings from high reflective coatings using microspheres / lightweight fillers David GonzalezAmago	
Split session A Regulatory and Safety Moderator: Saila Seppo (F)Split session B Measuring & Analytics Moderator: Kari Keinänen (F)15:30-16:00A7AGXX® – a long-lasting, regulatory compliant in-can and film preservation solution Oliver Asmus HeraeusRevolutionizing Coatings Development: Clariant's Digital Formulation Factory Dr. Julien Ceccon Clariant15:30-16:00Regulatory Radar – Turning Challenges into Opportunities Kevin KoskampPaint color processing from Novel color Measurement technology to Effect color Formulation, through	14:30-15:00	A6	Improved Energy Efficiency of Buildings Jorma Viitanen		B6	footprint Jörgen Lindholm	
Regulatory and Safety Moderator: Saila Seppo (F)Measuring & Analytics Moderator: Kari Keinänen (F)15:30-16:00A7AGXX® – a long-lasting, regulatory compliant in-can and film preservation solution Oliver Asmus HeraeusRevolutionizing Coatings Development: Clariant's Digital Formulation Factory 	15:00-15:30	Coffee Break & Exhibition					
Moderator: Saila Seppo (F)Moderator: Kari Keinänen (F)AGXX® – a long-lasting, regulatory compliant in-can and film preservation Solution Oliver AsmusRevolutionizing Coatings Development: Clariant's Digital Formulation Factory Dr. Julien Ceccon Clariant15:30-16:00A7Regulatory compliant in-can and film preservation Solution Oliver AsmusB7Revolutionizing Coatings Development: Clariant's Digital Formulation Factory Dr. Julien Ceccon ClariantHeraeusPaint color processing from Novel color Measurement technology to Effect color Formulation, through		Split			Split	Split session B	
15:30-16:00AGXX® - a long-lasting, regulatory compliant in-can and film preservation solution Oliver Asmus HeraeusRevolutionizing Coatings Development: Clariant's Digital Formulation Factory Dr. Julien Ceccon Clariant87Regulatory Radar – Turning Challenges into Opportunities Kevin KoskampB7Paint color processing from Novel color Measurement technology to Effect color Formulation, through		Reg	ulatory and Safety		Mea	asuring & Analytics	
15:30-16:00A7regulatory compliant in-can and film preservation solution Oliver Asmus HeraeusB7Development: Clariant's Digital Formulation Factory Dr. Julien Ceccon Clariant15:30-16:00A7Regulatory Radar – Turning Challenges into Opportunities Kevin KoskampB7Paint color processing from Novel color Measurement technology to Effect color Formulation, through		Mod			Mo		
Challenges into Opportunities Kevin Koskampcolor Measurement technology to Effect color Formulation, through	15:30-16:00	A7	regulatory compliant in-can and film preservation solution Oliver Asmus		В7	Development: Clariant's Digital Formulation Factory Dr. Julien Ceccon	
Quality Kevin Dainton X-Rite	16:00-16:30	A8	Challenges into Opportunities <i>Kevin Koskamp</i> BYK-Chemie GmbH		B8	color Measurement technology to Effect color Formulation, through Digital Material twins & Visual Color Quality <i>Kevin Dainton</i> X-Rite	
16:30-17:00A9Sustainable Coatings: Safe and "Circular" solutions Damiano BeccariaApplication of modern surface analytical tools for deeper understanding of degradation16:30-17:00A9EastmanB9mechanisms in outdoor-exposed c coated materials Dr. Ville Saarimaa Top Analytica	L		and "Circular" solutions		B9	analytical tools for deeper	
18:45- Gala Dinner (The Old Student House, separate registration)	16:30-17:00	A9	Eastman			coated materials Dr. Ville Saarimaa	

	Split session A Split session B					
	Wood Coatings			Industrial Metal Coatings		
	Moderator: Anna Tonell (S)				erator: Riitta Pajari (F)	
09:00-09:30	A10	Alkyd-acrylic hybrid latices for use in waterborne wood coatings Dirk Sühling Synthomer		B10	Novel Smart Release Powdered Organic Anti-Corrosion Technology for High Performance Coatings Dr. Patrick Dodds Hexigone	
09:30-10:00	A11	Sustainable Wood Coatings: Low-Carbon Binder Innovations for the Nordic Market <i>Eren Elik</i> Organik Kimya		B11	Innovations in Coatings with MIOX [®] MICRO Series and Spiral Jet Mill Technology DI Sebastian Karner Kärntner (KMI)	
10:00-10:30	A12	Understanding Wood Coatings: The role of morphology, chemistry, and sustainable innovations in enhancing protection and performance <i>PhD. Stefano Chimenti</i> Cromogenia		B12	Water-based binder platform for corrosion protection <i>Christophe Baude</i> Synthomer	
10:30-11:00	Coffee Break & Exhibition					
	Gree	Split session ASplit session BGreen TechnologiesBinders & AdditivesModerator: Esko Pajunen (F)Moderator: Katri Tuominen (F)				
11:00-11:30	A13	Future trends in bioinspired and bio-enabled coating technologies <i>Professor Markus Linder</i> Aalto University		B13	Isoproturon, a superior alternative to Diuron Ingo Krull Arxada	
11:30-12:00	A14	Solvents for today and tomorrow - creating non- hazardous, high-performance coatings with bio-based levulinate esters Jan Weernink GFBiochemicals		B14	Properties and performance of VeoVa in water-based polymer dispersions for surface coating applications <i>David Graham</i> Xyntra Chemicals BV.	
12:00-12:30	A15	Performances & Carbon Footprint impact of bio-based binders in Coating applications <i>Nicolas Florent</i> ECOAT		B15	Formulating VOC-free Epoxy- and Polyurethane Flooring Systems Detlef van Pey CLiQSwissTech	
12:30-12:45	Conference closing (Room Valimo)					
12:45-	Lunch & Exhibition					
12.10
